Signal B
Signal A
Inverse distance from faults
Fault density
Faulting
Fault intersection density
Dilation
Normal stress
Coulomb shear stress
Fault dilation tendency
Fault curvature
Fault slip tendency
Temperature
48A-1

Signal C
Signal A
18-1
18A-1
82A-11
77-1
Inverse distance from faults
MG-1(SP-1)
15-12
MGI-2
88-11
Coulomb shear stress
BCH-3
Dilation
Normal stress
B6
B7
Fault density
Fault dilation tendency
Fault curvature
Fault intersection density
BCH-1
MG-2(SP-2)
Fault slip tendency
B5A
Temperature
BCH-2
26-12
68A-1
MGI-1

Signal D
Signal A
Fault density
Inverse distance from faults
Faulting
Dilation
Fault intersection density
MGI-1
68A-1
Fault dilation tendency
Fault curvature
Coulomb shear stress
Normal stress
B4
B5A
